Love for Each Other, Boating and Their Gradys Runs Strong After 25 Years

When Mike McCain and Debra Freeman started dating in 1994, they didn't know where their shared love for boating would take them. But after 25 years, a growing family and eight Grady-Whites, [their love for boating has expanded into a family affair.](#)

Celebrating National Safe Boating Week

One thing Grady-White is passionate about is designing and constructing the ultimate seaworthy boat with a focus on safety. Hand in hand with a well-crafted, reliable, seaworthy boat, National Safe Boating Week reminds us all that [proper planning and smart decisions](#) when you're on the water are the first steps in safe boating.

Fisherman 236: Great for More Than Just Fishing

As one of Boating Industry magazine's "Top Products" when introduced, Grady-White's [Fisherman 236](#) is chock full of amenities making it the perfect fishing boat that's equally suitable for family fun. This 23' center console touts an oversized cockpit, live well, two fish boxes and ample space for rod and tackle storage. Comfort and conveniences are abundant with port and starboard cushioned bow seating that includes optional patent-pending forward-facing fold away backrests, a transom door and two built-in swim platforms. With Grady-White's SeaV²® hull, you're guaranteed a great day on the water no matter the conditions.

More Reasons To Buy a New Grady

Each year Grady-White announces the newest boats to their strong line up of dual console, center console, express cabin and walkaround models—28 models in all! In addition to new boat releases, our engineering staff integrates much of the latest design innovations into our current models. From cockpit doors and sunshades to the remote engine flush system, Grady-White continues to set the bar in design features that enhance convenience and comfort. Tying your Boat in the Slip

Ever watch someone flawlessly dock their boat at the marina? This can be especially difficult if you are maneuvering in an area you are not familiar and can be even more stressful if you have an audience. But, when you take your time, work together and communicate with the crew, you too can cruise up to the docks with ease. Look like a pro every time after following the [simple instructions in this video.](#)

GRADY-WHITE BOATS

Exceptional attention to detail.
